After this period, I worked as a postdoc/instructor until 2016 at the Institut für Romanische Philologie of the Freie Universität Berlin. My **research activity** spans several fields: prosody and its grammatical interfaces, speech perception and processing, and language variation. My **research track record** includes almost 80 publications, over 30 invited talks and over 100 presentations at national/international conferences. My h-index is 19 and my total number of citations is 1077 (Google Scholar retrieved on August 22, 2019). I have also served as a **reviewer** for over 30 international journals and conferences and I have **supervised Master research**. In 2010 I received the Best Student Paper award at Speech Prosody 2010 (Chicago, USA).
